

**WHAT IS SUPERPATCH?**

Super Patch stands alone in the health and wellness marketplace. We offer an array of all-natural patch products designed to enhance what your brain and body were meant to do. Greater athletic performance. Better pain management. Longer, deeper sleep. Enhanced balance and stability and more. No drugs. No chemicals. No side-effects. Put on a patch and experience the benefit. That's what Super Patch is.

**BACKED BY SCIENCE**

Vibrotactile Technology (VTT) is a contact-based technology. When your skin contacts the imprinted pattern on a patch, it triggers a neural reaction from your brain to your body. This reaction enables your mind, body, and nervous system to do what they were naturally meant to do- optimize their ability to enhance athletic performance, improve balance & stability, stimulate better sleep, manage minor aches and pains, and more.
